This second annual edition profiles more than 2600 companies in 25 countries that make up the Dow Jones World Stock Index. Completely updated and expanded with coverage of five additional countries and new companies, the 1995 edition supplies address, phone and fax numbers, lines of business, top officers, industry group assignment, and a brief discussion of overall operations for each company. It includes three years of sales performance information, including revenue, earnings, 52-week high-low stock prices, dividends and other financial factors. It features time-zones, trading hours, industry sector weights, and more, and includes a free mid-year update to keep readers completely on top of emerging trends across the globe.

For Harley-Davidson aficionados, the very name Sportster conjures an image of a fire-breathing mechanical beast scorching the world's tarmac image the Sportster itself often does not live up to. Straight from the factory, in its standard form, the Sportster routinely proves an entry-level motorcycle providing a relatively tame ride. This book aims to change all that and to show every Sportster rider how to free the beast in his or her bike. With expert, detailed advice on the proper mechanical massaging and plenty of helpful diagrams and photos this updated, third edition of Buzz Buzzelli's best-selling handbook shows how the Sportster can be transformed into the superbike of old. Including a history of the Sportster from its birth in 1957 to the recent introduction of a new engine (only the third in its long life), this book has everything it takes to open up the gates of hell and give the Sportster its head.

More than fifteen thousand golf cart injuries send people to the emergency room each year—more than half of them involving children under the age of sixteen. Michael K. Rosenbarker, who sells and rents golf carts for a living, walks you through step-by-step how to stay safe in your golf cart, but that's just one topic he explores. He also helps you: maintain electric- and gasoline-powered golf carts; properly wash and clean your golf cart; decide on the right seating options and accessories; discover industry secrets of making your golf cart batteries last. If you've only recently bought a golf cart—or even if you've had one for years but still have questions about operating and maintaining it—then this book is for you. With real-life examples, diagrams, and pictures, it will help you avoid costly repairs or worse. Get the insights and tips that will leave you feeling safe and confident as you enjoy your golf cart more than ever.

This book represents the tenth edition of what has become an established reference work, MAJOR COMPANIES OF THE FAR EAST & AUSTRALASIA. This volume has been carefully researched and updated since publication of the previous arrangement of the book edition, and provides more company data on the most important companies in the region. The information in the book has been arranged in order to allow the reader to find any entry rapidly and accurately, completely free of charge. Company entries are listed alphabetically within each section; The companies listed have been selected on the grounds of importance to the business environment of the country in which they are based. The alphabetical index to companies throughout East Asia lists all companies having entries in the book irrespective of their country of operation. The book is updated and published every year. Any company that considers it is eligible for inclusion in the next edition of MAJOR COMPANIES OF THE FAR EAST & AUSTRALASIA, The alphabetical index to companies within each country should write to the publishers. No charge whatsoever is made for publishing details about a company.

Professional resume and cover letter writers reveal their inside secrets for creating phenomenal cover letters that get attention and land interviews. Features more than 150 sample cover letters written for all types of job seekers, including Before-and-After transformations that can make boring letters fabulous.

An award-winning scientist offers his unorthodox approach to childrearing: "Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions" (Amy Chua, author of Battle Hymn of the Tiger Mother). If you're like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In Parentology, Conley hilariously reports the results of those experiments: bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes), teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because that level of engagement with kids yields solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley's sassy kids show him the limits of his profession. Parentology teaches you everything you need to know about the latest literature on parenting—with lessons that go down easy. You'll be laughing and learning at the same time.

Whether you need to check out the competition, recruit top personnel, or find a new agency or vendor, the Standard Directory of Advertising Agencies "TM" gives you an inside advantage into the busy world of advertising. The new, 1999 edition profiles nearly 10,000 agencies and over 21,000 key executives. With 160 new listings -- including categories for Children's Market and Senior's Market -- the Agency Red Book "TM" gives you complete coverage on the entire advertising industry.

Businesses can plateau, stall, OR stagnate without the owners or key executives even realizing it. A business might be achieving incremental year-on-year growth and yet still be in a situation of stagnation or stall. Why? Because entrepreneurs and ...
