The unfathomable rate of Black males in education should result in a national call to action. Across the country Black males represent only 2% of the teaching workforce. By the year 2024, minority students will be the majority, yet our current education workforce does not reflect this growing trend in what has been called "The Browning of America." Why is it acceptable that a student can matriculate from Kindergarten through twelfth grade and not have one Black male as his or her teacher? Why has it been a challenge to recruit and in many instances retain Black males in the classroom? Unopened Books explains what is referenced in the book as the Five Black Male Deterrents in Education. Through the personal narrative of Jermaine D. Gassaway, a native Washingtonian, educator, and school leader; coupled with practical solutions, Unopened Books provides insight to multiply the 2%. It is intended to not only be a provocative conversation starter but an actionable approach to increase the number of Black men in the classroom.

'An indispensable companion for all interested in yoga, both scholars and practitioners' Professor Alexis G. J. S. Sanderson Despite yoga's huge global popularity, relatively little of its roots is known among practitioners. This compendium includes a wide range of texts from different schools of yoga, languages and eras: among others, key passages from the early Upanisads and the Mahabharata, and from the Tantric, Buddhist and Jaina traditions, with many pieces in scholarly translation for the first time. Covering yoga's varying definitions, its most important practices, such as posture, breath control, sensory withdrawal and meditation, as well as models of the esoteric and physical bodies, Roots of Yoga is a unique and essential source of knowledge. Translated and Edited with an Introduction by James Mallinson and Mark Singleton

Have you ever wondered: What it's like to daily bet hundreds of thousands of dollars working for some of the largest professional gamblers in Las Vegas? ... How to spend a summer house sitting one of the biggest stars in the world's 11,000 square-foot mansion - without an invitation from it's celebrity owner ... Whether the life of crime - specifically, running a shoplifting ring in a middle American mall - pays? ... What causes a son to better say enough is enough ... and decide "Today is the day I am going to kill my dad." Comedian Brandt Tobler has the answers in this funny, touching and sometimes downright unbelievable memoir of a small town Wyoming-kid turned "mall-fia" don, turned nationally touring comic. Brand tells his story with candor, detailing the many pit stops, wrong turns, crazy connections and lucky breaks he experienced along the way to his comedy career, all while trying to balance a toxic relationship with his unreliable jailbird dad. In these pages Brandt will make you laugh (he better - it's his job!) and believe as he does that, when it comes to defining family, blood isn't always thicker than water. -- back cover.

Yoga isn't just the physical poses; intentional breathing (and therefore mindfulness) are an integral part of it. Yoga and Mindfulness for Young Children explains the physical and social-emotional benefits of incorporating yoga into early childhood classrooms. Readers do not need to have any experience with yoga to be able to use this book, and the ideas and suggestions are easily modified to suit an individual teacher's needs. Early childhood educators and registered children's yoga instructors Tlenn S. Rosen and Maureen Hill share how to do nine specific breathing techniques and sixty-three different poses with children. The poses are grouped by ten different categories: back-bending poses, forward-bending poses, harmony poses (about balance), just for fun (offer emotional release), lying down poses, partner poses (in pairs), sitting down poses, standing upright poses, twisting poses, and upside-down poses. Information on how do yoga with children with diverse abilities is included.

Ancient Kriya Yoga Tantric Scripture | Commentaries on Hanuman Chalisa as seen by The Divine Third Eye. This book is an outcome of inner revelations of mystical meanings of Hanuman Chalisa. Penning down itself was full of eternal vibrations which resembled as if being dictated by a Siddha. This journey was full of inexplicable ecstasys and joy, laced with complete surrendering to witnessing the state of Hanuman. It depicts transcendental qualities and attributes of this state in its totality. This body is just an instrument of meditation and the individual is nothing, the individual have nothing. Hanuman is a special state of Siddhas, the qualities of which are described by Hanuman Chalisa. A Sadhak passes through infinite number of states during his Sadhana. Period of stay in any state varies depending on the peculiarities of that state as well the predicament of the Sadhak. During this course, the outer symptoms may not be described and grasped as aptly as inner symptoms. Outer symptoms like trembling and/or levitation of body often lead to bewilderment and amusement of the beholder. Whereas being in the same state, it leads to calm acceptance and grasp of what is happening to someone else being in that state. Hence irrespective of the peculiarities and idiosyncrasies associated with various paths, the Sadhak finds himself in a special state all of a sudden. often termed as being at one place in Siddha Loka. Gradually, he realizes that there are infinite such states, hence places in Siddha Loka, one of which is Hanuman. It becomes clear to him that practice (Sadhana) is gradual, but being in any such state is all of a sudden, involuntary ones during early stages of Sadhana. There is no single prescribed path for Sadhana, simply because it varies from Sadhak to Sadhak, the root of which is often buried deep in one's Providence(Prarabdh). Hence no matter which path a Sadhak adopts for his journey to start with, he will get aligned to the best path, most suitable one for him, in due course of time, gradually. The single most important key is : Continue seeking in with utmost Sincerity and Devotion. Historians often attribute the composition of Hanuman Chalisa to Goswami Tulsi Das, whereas a Sadhak realizes, when time is ripe for him, that the particular Shabda is eternal, ever present, everywhere, perceptible to one only when one is ready during his course of Sadhana, including listening to these being chanted/sung by Siddhas, all the time, beyond the time. This book is dedicated to all Sadhakas.
