*Learn cool slang, funny insults and all the words they didn't teach you in class with this comprehensive guide to dirty Japanese. You've taken Japanese lessons and learned all kinds of useful phrases. You know how to order dinner, get directions, and ask for the bathroom. But what happens when it's time to drop the textbook formality? To really know a language, you need to know it's bad words, too. You need Dirty Japanese. From common slang and insulting curses to explicit sexual expressions, this volume teaches the kind of Japanese heard heard every day on the streets from Tokyo to Kyoto from "What's up?" (Ossu?) to "I'm smashed," (Beron beron ni nattekita.).*

*This highly successful beginning Japanese program has introduced thousands of students to Japanese language and culture through its emphasis on communicative language development. This new edition features a brand-new, contemporary design that greatly enhances the appearance of the book. In addition to the new design and updated activities, art, and photos, the new edition of Yookoso! contains a*

Contemporary Japanese is a textbook series for beginning students of Japanese at the college or high school level. It is intended for classroom use as well as self-study. Each lesson in the books is very short—meant to be covered in just an hour—and has a single, clearly-defined objective. All lessons make use of the "active discovery" approach which encourages rapid learning through "guess and try" problem-solving and participation as opposed to rote memorization. This

highly effective method uses real-life conversations that make learning fun by involving you in a conversation with your peers. It also removes the fear of saying something wrong! This book, the second volume in the series, contains 45 short lessons grouped into 12 chapters—each of which presents a wide variety of activities and exercises and yet is designed to be covered in a single session. This "daily multivitamin" approach to language learning makes it easy to track your progress and to review later! Free online audio files can be downloaded, providing native speaker recordings and giving correct pronunciations for the dialogs and vocabulary in each lesson. In this book you'll learn more about: Kanji and their meanings Japanese verb forms Comparison and stating preferences Using common set phrases and making requests Evaluating facts and expressing opinions Sightseeing, food cravings and tastes Insights into Japanese culture Accompanying the textbook is Contemporary Japanese Workbook Volume 2—it serves as a supplementary material as well as a

Book 2

Yookoso! Continuing with Contemporary Japanese is the second volume of a two-volume series for beginning Japanese courses. Based on modern principles of second-language acquisition, Yookoso! was the first beginning Japanese text to integrate the teaching of all four language skills (listening, speaking, reading, and writing) and offer a full complement of ancillary materials. In this text, grammar is treated as a tool for developing the ability to communicate in Japanese, rather than as a focal point. The rich illustration program--including photographs, line drawings, and realia--provides an attractive context for language learning.

A comprehensive revision of this popular Hebrew grammar textbook.

Abe presents a comprehensive picture of the linguistic strategies employed by Japanese sexual minorities in various social contexts, from magazine advice columns to bars to text messaging on cell phones to private homes.

Yookoso! An Invitation to Contemporary Japanese is the first volume of a two-volume series for beginning Japanese courses. Based on modern principles of second-language acquisition, it was the first beginning Japanese text to integrate the teaching of all four language skills (listening, speaking, reading, and writing) and offer a full complement of ancillary materials. In this text, grammar is treated as a tool for developing the ability to communicate in Japanese, rather than as a focal point. The rich illustration program--including photographs, line drawings, and realia--provides an attractive context for language learning.

Toriningu-pantsu are not training pants for babies who have not yet been toilet-trained. Toreningu-pantsu are sweat pants. When you jump into a swimming pool you will get wet, but not necessarily uetto. Volleyball, which was invented in the United States, is known as bareboru in Japan, but the tennis volley was the English gentleman's pride before it was America's . A tennis volley is therefore pronounced in British style, bore, not as American bare. Oru means "all" but has a more limited usage. Bosu is often used more negatively than English boss. Many people imagine that speakers of English who study the Japanese language find their way eased by the profusion of "English words" the Japanese have borrowed. Students of the language, however, often complain that borrowed words are more problematic than the older terms in the Japanese word pool. One of the biggest problems is the lack of adequate reference materials on the terms. Many of the existing works do little more than define the terms. This book handles the problematic areas. Here a reader will find sample sentences, tips on usage, and warnings against easy-to-commit mistakes. There are fascinating studies of how certain "English" terms were coined in Japan and of what led the Japanese to redefine certain common English words. Miura examines how certain words entered Japanese, and

## Read Book Yookoso Continuing With Contemporary Japanese

why they became popular. He theorizes on why an unexpected pronunciation developed. In discussing the borrowed terms, the author draws on many linguistic scholars, discusses prevailing beliefs on etymology and pronunciation, and uses his own considerable experience with both English and Japanese to help the student gain control of some of the most problematic words borrowed by Japanese from English. Each of the 850 words discussed under the text's more than 350 main headings is included in an index for quick reference. The detail and currency of the explanations contained in this book are unmatched by other books on the subject. For the student hard put to use these borrowed words, this text offers real help.

***tech-savvy professors, Deborah Licht and Misty Hull, combine years of research and teaching insights with the journalistic skill of science writer, Coco Ballantyne, who came to the project directly from Scientific American. Together, they have created an introductory psychology textbook and online learning and comprehension system that draws on written profiles and video interviews of 26 real people to help students better understand, remember, apply, and relate to psychology's foundational concepts and ideas. Beautifully designed, the printed text is filled with high-interest examples and features, including full-page infographics that help students understand and retain key concepts. Online, additional author-created resources, including scaffolded activities and adaptive quizzes, provide a seamless learning experience for students and a reliable assessment mechanism for instructors and programs. This innovative collaboration between Worth Publishers and Scientific American reflects a commitment to engaging and educating all students, including those who sometimes seem difficult to engage--in the contemporary style of the world's most respected science magazine. Along with student engagement with the personal stories, Presenting Psychology 2e also aims to: Demonstrate that psychology is a science Help students see the "big picture" Provide high-quality accessible visuals that make a difference! Illustrate real-world applications Maintain a positive perspective of psychology Emphasize gender and cultural diversity Help dispel myths Provide quality assessments Create interactive, technology-based learning that appeals to students***

*received by Japanese language instructors not only in North America, but also abroad. The preliminary chapters entitled "Getting Started" were a First Edition feature that many instructors and students found especially useful and effective for their introductory Japanese courses. In response to this positive response, we have revised and expanded these preliminary chapters as a primer to introduce learners to the Japanese language, providing them with a basic foundation for learning Japanese. Yookoso!: Getting Started with Japanese has been developed according to two basic premises: (1) proficient communication in the second language is the goal of foreign language instruction, and (2) the primary function of language is to allow people to communicate, interact, and negotiate meaning. Yookoso!: Getting Started with Japanese provides a starting point for oral and written communication and helps students to develop proficiency in the four language skills of listening, speaking, reading, and writing, as well as in cultural awareness. With this emphasis on interaction in the classroom, students enjoy learning Japanese. The Yookoso! materials and approach have been extensively tested with beginning students of Japanese. In our experience, students become proficient in Japanese more quickly using the Yookoso! approach. The flexible framework of the Yookoso! materials accommodates various approaches to language teaching and different learning styles.*

<https://youtu.be/y3FrWtXC8Uw> "I thought I knew how to have a conversation; I've had millions of them. Some were good, others not so much so. But I want to have GREAT conversations, and Jim Knight has taught me how. The proof is in: better conversations are possible and the results are worth the investment." --DOUGLAS FISHER Coauthor of Rigorous Reading and Unstoppable Learning Because conversation is the lifeblood of any school You don't want this book—you need this book. Why this confident claim? Think about how many times you've walked away from school conversations, sensing they could be more productive, but at a loss for how to improve them. Enter instructional coaching expert Jim Knight, who in Better Conversations honors our capacity for improving our schools by improving our communication. Asserting that our schools are only as good as the conversations within them, Jim shows us how to adopt the habits essential to transforming the quality of our dialogues. As coaches, as administrators, as teachers, it's time to thrive. Learn how to: Coach ourselves and each other to become better communicators Listen with empathy Find common ground Build Trust Our students' academic, social, and emotional growth depends upon our doing this hard work. It's time to roll up our sleeves, open our minds, and dare to change for the better of the students we serve. You can get started now with Better Conversations and the

accompanying Reflection Guide to Better Conversations. NAKAMA 1 is a complete, flexible introductory program designed to present the fundamentals of the Japanese language to users. The NAKAMA 1 program focuses on proficiency-based language learning, emphasizes practical communication and student interaction, and fosters the development of all four language skills and cultural awareness. Thematically organized chapters focus on high-frequency communicative situations and introduce students to the Japanese language and its three writing systems: hiragana, katakana, and kanji. Maintaining the program's balanced approach, the new edition features updated technology resources, updated culture, and contemporary vocabulary to enhance both teaching and learning.
