problem solving for
business and beyond
The Your Office series
prepares students to use

both technical and soft skills in the real world.

Volume 1 Your Office For Office 2016 Series

Hands-on technical content is woven into

realistic business scenarios and focuses on using Microsoft

Office as a decision-making tool. The series

features a unique running business

scenario that connects all of the cases together and exposes students to

using Office to solve problems relating to business areas like finance and accounting, production and operations, sales and marketing. Each chapter introduces a realistic business case for students to complete via hands-on steps that are easily identified in blue shaded boxes. Each blue box teaches a skill and

Get Free Your Office Microsoft Office 2016

comes complete with video and interactive support. Chapters are grouped into Business Units, which collectively illustrate a specific set of business concepts to achieve AACSB-related outcomes. Each Business Unit ends with a Capstone section, testing students' ability to apply concepts and skills beyond a single

printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book.

This book covers introductory Microsoft Word, Excel, Access, and PowerPoint, with an additional Windows 10 chapter. Beyond point-and-click The goal of the Exploring series is

Get Free Your Office Microsoft Office 2016

to move students
beyond the point-and-
click, to understanding
the why and how
behind each skill. And
because so much
learning takes place
outside of the classroom,
this series provides
learning tools that
students can access
anywhere, anytime.
Students go to college
now with a different set

Beyond point-and-click
The goal of the

Exploring series is to

move students beyond the point-and-click, to understanding the why and how behind each skill. And because so much learning takes place outside of the classroom, this series provides learning tools that students can access anywhere, anytime.

Students go to college now with a different set of skills than they did

years ago. With this in mind, the Exploring series seeks to move students beyond the basics of the software at a faster pace, without sacrificing coverage of the fundamental skills that everyone needs to know. Also available with MyITLab MyITLab® is an online homework, tutorial, and assessment program
